Advancement through Research and Education

Le progrès grâce à la recherche et à l'éducation

The Research and Scholarship Committee of the Canadian Occupational Therapy Foundation is now inviting applications for graduate studies, scholarships and research funding.

Eligibility

The applicant must be a CAOT member in good standing and preference will be given to Canadian citizens or permanent residents.

Scholarship Awards

These awards have a $1,000. minimum. They are designed to assist students registered in full time programs of graduate studies in disciplines relevant to Occupational Therapy research.

Research Awards

These awards have a $500. minimum. The purpose is to encourage and to contribute to the continued growth of Occupational Therapists as researchers. The awards will be determined strictly on the basis of the individual merit of each of the proposals.

Deadlines

Applications for the Scholarship Awards must be received by January 15, 1985. The deadlines for the Research Awards are January 15 and March 15, 1985.

Interested applicants should write directly to:
